

PROGRAM 1 - Fika Tour

We invite you to join us for our guided one day sledge-dog tour.

The trip lasts for 1.5 - 2 h through the countryside of Lapland. The length of the daily routes depends only on the weather conditions.

Everyone drives his own dog-team (4-5 dogs) and we start directly from the farm.

The day trip starts at 9.00am sharp from the husky-farm in Merasjärvi. A prompt start will ensure the most enjoyment is achieved in the day.

We start with an introduction to the kennels and how to run a dog-team.

You'll follow the track behind the guide and will get a wilderness coffee in a cozy warm cabin. After the dogs are rested we'll start our journey back to the farm

Included:

wilderness coffee, extra personal equipment if necessary (overall, gloves, boots, etc.).
